Parliamentarians' Petition on Tibet Campaign 2012

We, the undersigned parliamentarians of democratic countries all over the world being alarmed at the escalating situation of persistent violation of human rights and fundamental freedoms of the Tibetan people, including deep concerns over the extreme action of self-immolations by Tibetans, mainly monks, to demonstrate in defence of their rights.

- Having noted that there is no good faith approach from the Chinese authorities to resume the Sino-Tibetan talks.
- Deeply concerned that no independent observers, including United Nations human rights experts and the foreign media are being allowed to enter Tibet.

Call on the Chinese Government to:

- Grant the Tibetans the maximum degree of self-governance as outlined in the “Memorandum on Genuine Autonomy for the Tibeian People” in line with the Chinese Constitution;
- Respect and implement the provisions of the Chinese Constitution for effective realisation of provincial autonomy;
- End the suppression of peaceful protests in Tibet, including the cycle of arbitrary detentions and enforced disappearances of Tibetans, including human rights defenders;

- Respect the inalienable human rights of the freedom of religion, freedom of speech, freedom of association and the freedom of movement of the Tibetan people and elsewhere in China;
- Release all the Tibetan political prisoners, including Gedhun Choekyi Nyima, the Eleventh Panchen Lama of Tibet;
- Provide access for independent observers, including parliamentarians and the foreign media to ascertain the prevailing situation faced by the Tibetan people;
- Receive the UN High Commissioner for Human Rights to conduct a fact-finding mission as invited; and,
- Resume the Sino-Tibetan talks as a priority.
